Insurance

International students must have insurance, medical and accident insurance at least, when studying in China according to the policy of China's Ministry of Education. An insurance policy, purchased abroad and covering the students' complete stay in China, must be provided upon registration.

While in most cases your visit will be free of ailments/injuries, in the remote case something does happen, it is important to understand that Chinese healthcare is not free for anybody, and having insurance avoids any excessive costs.
